Hilarie: are you still a leader of anonymous?
Hilarie: and still getting interviewed by D magazine?
me: I left Anonymous a few months ago, but I still get interviewed quite a bit
me: and just signed with an agent to co-author the Anonymous book
me: mostly I'm running a group called Project PM that sometimes works with some of the "leaders" of Anonymous on certain things
Hilarie: like op bart?
Hilarie: bc thats op bart is retarded
me: no
me: that's the sort of thing I left to avoid
me: my work is almost entirely focused on the intelligence contracting industry and information issues in general
Hilarie: you sound like a conspiracy theorist
me: how so?
Hilarie: overbroad references to security and intelligence, your proflic use of acid when you were younger, and your ill defined title and occupation
me: thanks for the tip
Hilarie: im just bored
Hilarie: and joking
Hilarie: sorry
me: it's okay
Hilarie: do you think brice is happy dont ask dont tell got repealed? or sad bc his sex life isnt as dangerous now?
me: I'm not sure, you would have to ask the compartmentalized portion of his mind where his sexuality is kept
Hilarie: oh your profile picture and your pictures in which you are protesting with a handful of fringe society people also make you look like a conspiracy theorist
Hilarie: you should smile in your pictures
Hilarie: you should also not be facebook friends with people who have anarchy signs as their facebook profiles
Hilarie: seems a little juvenile
me: I've got reasons for all of these things
me: and that protest included the director of National Lawyer's Guild and other figures of the sort, although certainly some of the people in the figures look like nuts
